MINUTES ENVIRONMENTAL QUALITY BOARD FEBRUARY 16, 2018 DEPARTMENT OF ENVIRONMENTAL QUALITY OKLAHOMA CITY, OKLAHOMA

Official EQB Approved On September 11, 2018

Notice of Public Meeting – The Environmental Quality Board (Board) convened for a Regular Meeting at 9:30 a.m., at the Department of Environmental Quality, 707 North Robinson Oklahoma City, Oklahoma. This meeting was held in accordance with 25 O.S. Section 311, with notice of the meeting given to the Secretary of State on October 18, 2017. The agenda was mailed to interested parties on February 7, 2018, and was posted at the DEQ and the facility on February 13, 2018. Mr. Tim Munson, Chair, called the meeting to order. Mr. Munson then talked on safety precautions in case of an emergency. Mr. Munson welcomed new Board member, Ken Hirshey to the Board. Also, Mr. Clayton Eubanks will be taking a new position so he introduced the new assistant Attorney General, Jennifer Lewis who will be taking his position at the Board meetings. Ms. Fields called roll and a quorum was confirmed.

MEMBERS PRESENT

Daniel Blankenship Shannon Ferrell David Griesel Tracy Hammon Jimmy Kinder Jan Kunze Tim Munson Homer Nicholson Billy Sims Mike Paque Steve Mason

Ken Hirshey

DEO STAFF PRESENT

Scott Thompson, Executive Director Jimmy Givens, Deputy Executive Director Rob Singletary, General Counsel Michelle Wynn, Legislative Liaison Eddie Terrill, Air Quality Division

Beverly Botchlet-Smith, Air Quality Division

Chris Armstrong, State Environmental Laboratory Services

Kelly Dixon, Land Protection Division Lloyd Kirk, Office of External Affairs Skylar McElhaney, Office of External Affairs Kole Kennedy, Land Protection Division

Richard McDaniel, Environmental Complaints & Local Services

Erin Hatfield, Office of External Affairs

Bruce Vande Lune, Environmental Complaints & Local Services

Shellie Chard, Water Quality Division
Terry Lyhane, Water Quality Division
Mark Hildebrand, Water Quality Division
Saba Tahmassebi, Engineering Manager
Patty Thompson, Water Quality Division

Pam Dizikes, Environmental Attorney Supervisor Dawell Wright, Building Operations Manager Betsey Streuli, Environmental Attorney Supervisor Cindy Przekurat, Executive Director's Office Kathy Aebischer, Administrative Services Division Quiana Fields, Board & Council Secretary

MEMBERS ABSENT

None

OTHERS PRESENT

Clayton Eubanks, Office of the Attorney General Jennifer Lewis, Office of the Attorney General

Carly Cordell, Office of the Secretary of Energy & Environment Brenda Merchant, Solid Waste Management Advisory Council

Brian Duzan, Air Quality Advisory Council

Jennifer Kaelin, Court Reporter

Approval of Minutes – Mr. Munson asked for a motion to approve the November 7, 2017 Minutes. Mr. Griesel stated on page 53 line 14 of the transcript the wording says "people who meet these water rights" instead it should read "people who lease these water rights." Mr. Paque moved to approve with the changes. Mr. Nicholson made the second.

Election of Officers – Election of Chair and Vice-Chair for Calendar Year 2018 – Mr. Munson called for nominations for Chair. Mr. Sims nominated Mr. Tim Munson as Chair and Mr. Blankenship made the second. Mr. Griesel nominated Mr. Steve Mason as Chair and Mr. Nicholson made the second. Mr. Kinder made a motion to cease nominations and have the election and Ms. Kunze made the second. After a majority vote for Mr. Munson, he was elected as Chair and there was no need to proceed to vote for Mr. Mason.

Rulemaking – OAC 252:515 Management of Solid Waste – Ms. Brenda Merchant, Vice-Chair of the Solid Waste Management Advisory Council stated that the DEQ proposes to amend OAC 252:515, Subchapters 3, 21 and 27. The proposed changes are in response to legislative changes regarding tires that fall under the scope of the Used Tire Recycling Program and are also intended to correct citations and clarify language throughout Chapter 515. The proposed rule would

amend the current regulations to reflect the statutes and also remove outdated references, incorrect citations and clarify language throughout Chapter 515. Following no questions or comments by the Board or the public, Mr. Munson called for a motion. Mr. Blankenship moved to approve and Mr. Ferrell made the second.

Rulemaking – OAC 252:517 Disposal of Coal Combustion Residuals from Electric Utilities – Ms. Merchant stated that the Department is proposing to amend OAC 252:517, Subchapters 1, 9, 11, 13, 15, 17 and 19, to correct invalid citations and typos throughout this Chapter and make other non-substantive administrative changes. The rule would amend OAC 252:517 to remove invalid or nonexistent citations, ensure the CCR rules are consistent with the Oklahoma Administrative Rules (OAR) formatting requirements, and clarify the program's compliance with federal regulations. Following questions and comments by the Board but none by the public, Mr. Munson called for a motion. Mr. Blankenship moved to approve and Dr. Hammon made the second.

Rulemaking - OAC 252:628 Indirect Potable Reuse for Surface Water Augmentation - Mr. Munson called upon Mr. Brian Duzan, Chair of the Water Quality Management Advisory Council (WQMAC) to present the rule. Mr. Duzan stated that the Department is proposing to create a new Chapter, OAC 252:628 (Indirect Potable Reuse for Surface Water Augmentation), to provide a regulatory structure for an indirect potable reuse (IPR) program. This Chapter addresses new discharges of treated municipal wastewater to existing Public Water Supply (PWS) surface waterbodies for the purpose of augmenting the existing volume of water available for PWS purposes. The proposed Chapter would enable the DEQ to issue permits to those who wish to undertake an IPR project. The Chapter establishes, among other requirements, a multi-step permitting process, and requirements for the construction and operation of an IPR project. The Chapter requires appropriate testing and modeling to ensure that a project is feasible and that the waterbody is protected. In addition, the Chapter establishes the fees associated with IPR permitting and operations. Following questions and comments by the Board and the public, Mr. Munson called for a motion. Mr. Mason moved to approve and Mr. Kinder made the second.

Executive Director's Report – Mr. Thompson, Executive Director of the DEQ, discussed current agency activities, legislative updates, and recognized certain DEQ employees for their accomplishments. Mr. Thompson then called upon Ms. Kathy Aebischer, Chief Financial Officer of the DEQ, who gave an update on the FY 2018 budget.

transcript pages 35 - 49

Budget Update and Financial Overview (FY 2018) – Kathy Aebischer, DEQ Chief Financial Officer – Ms. Aebischer gave an update and overview of DEQ's current FY 2018 budget.

transcript pages 49 - 61

Resolution related to the Use of Fees and Revolving Funds – Mr. Munson stated that at the November Board meeting Mr. Bud Ground, President of the Environmental Federation of Oklahoma, requested that the Board put together a resolution for DEQ's need for fees. Mr. Rob Singletary, General Counsel of the DEQ, prepared a draft resolution for discussion and consideration of, and possible action on, proposed resolution supporting the DEQ's need for fees and revolving funds to be utilized for the purposes for which they were collected. Following questions and comments by the Board and none by the public, Mr. Blankenship moved to approve the resolution with the changes to the first paragraph ending in "and wastewater treatment." Dr. Hammon made the second.

CHAIRMAN TIM MUNSON: Everybody knows in the case we need to leave in a hurry, go out this door to the right. Bathrooms are through that door, through the lobby and down the hall. I think Clayton had somebody he wanted to recognize. MR. CLAYTON EUBANKS: Yeah. We have a new Assistant Attorney General in the room today. Her name is Jennifer Lewis. Jennifer, would you please stand? (Ms. Lewis stood.) MR. CLAYTON EUBANKS: I have taken another	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18	here. Would you like to make a comment or tell us a little bit about yourself? Put him on the spot right away. (Multiple speakers.) MR. KENNETH HIRSHEY: Okay. I'm Ken Hirshey. I've lived in Tulsa for about 25 years, had an architectural engineering firm there. And my background is engineering. I'm a civil engineer, transportation, just, you know, basic civil, structural, that kind of thing, and heavy into project management. So I'm just glad to be on the Board and see if I can help out. CHAIRMAN TIM MUNSON: Glad to have you here. Appreciate your willingness to serve. At this point, we'll move to item three, the roll call. Quiana. MS. QUIANA FIELDS: Mr. Blankenship? MR. DANIEL BLANKENSHIP: Present.
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18	CALL TO ORDER - 9:30 A.M. CHAIRMAN TIM MUNSON: We'll go ahead and call the meeting to order. I appreciate y'all being here and making it through the battle zone out in front of the building here today. (Laughter.) CHAIRMAN TIM MUNSON: Everybody knows in the case we need to leave in a hurry, go out this door to the right. Bathrooms are through that door, through the lobby and down the hall. I think Clayton had somebody he wanted to recognize. MR. CLAYTON EUBANKS: Yeah. We have a new Assistant Attorney General in the room today. Her name is Jennifer, would you please stand? (Ms. Lewis stood.) MR. CLAYTON EUBANKS: I have taken another position inside our office representing the Oklahoma Department of Wildlife Conservation and also the	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19	here. Would you like to make a comment or tell us a little bit about yourself? Put him on the spot right away. (Multiple speakers.) MR. KENNETH HIRSHEY: Okay. I'm Ken Hirshey. I've lived in Tulsa for about 25 years, had an architectural engineering firm there. And my background is engineering. I'm a civil engineer, transportation, just, you know, basic civil, structural, that kind of thing, and heavy into project management. So I'm just glad to be on the Board and see if I can help out. DANIEL BLANKENSHIP: Yes. MS. QUIANA FIELDS: Mr. Ferrell?	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18	CHAIRMAN TIM MUNSON: Okay. Two nominations. Do I have a second? MR. DANIEL BLANKENSHIP: I'll second. CHAIRMAN TIM MUNSON: Which? MR. DANIEL BLANKENSHIP: Your ++ Mr. Munson. CHAIRMAN TIM MUNSON: Okay. We have a motion and a second. Call for a roll call. MS. QUIANA FIELDS: Mr. Blankenship? MR. DANIEL BLANKENSHIP: Yes. MS. QUIANA FIELDS: Mr. Ferrell? MR. SHANNON FERRELL: Yes. MS. QUIANA FIELDS: Mr. Griesel? MR. DAVID GRIESEL: Wait, whoa, whoa. (Multiple speakers.) MR. CLAYTON EUBANKS: We have a nomination for a Chairman and a Vice-Chair or two Chairmen? (Multiple speakers.) MR. DANIEL BLANKENSHIP: He just made a nomination for a chairman and so did
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20	microphone last time, like I'm not doing now. I'm sure that's part of the problem. CHAIRMAN TIM MUNSON: There lies the problem. All right. MR. DAVID GRIESEL: Going to be in trouble. CHAIRMAN TIM MUNSON: Okay. All right. So we'll make those corrections. Anything else? (No response.) CHAIRMAN TIM MUNSON: Okay. If not, I'd entertain a motion to approve. MR. MIKE PAQUE: So moved. MR. HOMER NICHOLSON: Second. CHAIRMAN TIM MUNSON: A motion and a second. Quiana. MS. QUIANA FIELDS: Mr. Blankenship? MR. DANIEL BLANKENSHIP: Yes. MS. QUIANA FIELDS: Mr. Ferrell? MR. SHANNON FERRELL: Yes.	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20	CHAIRMAN TIM MUNSON: Okay. Two nominations. Do I have a second? MR. DANIEL BLANKENSHIP: I'll second. CHAIRMAN TIM MUNSON: Which? MR. DANIEL BLANKENSHIP: Your ++ Mr. Munson. CHAIRMAN TIM MUNSON: Okay. We have a motion and a second. Call for a roll call. MS. QUIANA FIELDS: Mr. Blankenship? MR. DANIEL BLANKENSHIP: Yes. MS. QUIANA FIELDS: Mr. Ferrell? MR. SHANNON FERRELL: Yes. MS. QUIANA FIELDS: Mr. Griesel? MR. DAVID GRIESEL: Wait, whoa, whoa. (Multiple speakers.) MR. CLAYTON EUBANKS: We have a nomination for a Chairman and a Vice-Chair or two Chairmen? (Multiple speakers.) MR. DANIEL BLANKENSHIP: He just made a nomination for a chairman and so did MR. CLAYTON EUBANKS: So we need to have a
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21	microphone last time, like I'm not doing now. I'm sure that's part of the problem. CHAIRMAN TIM MUNSON: There lies the problem. All right. MR. DAVID GRIESEL: Going to be in trouble. CHAIRMAN TIM MUNSON: Okay. All right. So we'll make those corrections. Anything else? (No response.) CHAIRMAN TIM MUNSON: Okay. If not, I'd entertain a motion to approve. MR. MIKE PAQUE: So moved. MR. HOMER NICHOLSON: Second. CHAIRMAN TIM MUNSON: A motion and a second. Quiana. MS. QUIANA FIELDS: Mr. Blankenship? MR. DANIEL BLANKENSHIP: Yes. MS. QUIANA FIELDS: Mr. Ferrell? MR. SHANNON FERRELL: Yes. MS. QUIANA FIELDS: Mr. Griesel?	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21	CHAIRMAN TIM MUNSON: Okay. Two nominations. Do I have a second? MR. DANIEL BLANKENSHIP: I'll second. CHAIRMAN TIM MUNSON: Which? MR. DANIEL BLANKENSHIP: Your ++ Mr. Munson. CHAIRMAN TIM MUNSON: Okay. We have a motion and a second. Call for a roll call. MS. QUIANA FIELDS: Mr. Blankenship? MR. DANIEL BLANKENSHIP: Yes. MS. QUIANA FIELDS: Mr. Ferrell? MR. SHANNON FERRELL: Yes. MS. QUIANA FIELDS: Mr. Griesel? MR. DAVID GRIESEL: Wait, whoa, whoa. (Multiple speakers.) MR. CLAYTON EUBANKS: We have a nomination for a Chairman and a Vice-Chair or two Chairmen? (Multiple speakers.) MR. DANIEL BLANKENSHIP: He just made a nomination for a chairman and so did MR. CLAYTON EUBANKS: So we need to have a second for the nomination of Mr. Mason as chairman and
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22	microphone last time, like I'm not doing now. I'm sure that's part of the problem. CHAIRMAN TIM MUNSON: There lies the problem. All right. MR. DAVID GRIESEL: Going to be in trouble. CHAIRMAN TIM MUNSON: Okay. All right. So we'll make those corrections. Anything else? (No response.) CHAIRMAN TIM MUNSON: Okay. If not, I'd entertain a motion to approve. MR. MIKE PAQUE: So moved. MR. HOMER NICHOLSON: Second. CHAIRMAN TIM MUNSON: A motion and a second. Quiana. MS. QUIANA FIELDS: Mr. Blankenship? MR. DANIEL BLANKENSHIP: Yes. MS. QUIANA FIELDS: Mr. Ferrell? MR. SHANNON FERRELL: Yes. MS. QUIANA FIELDS: Mr. Griesel? MR. DAVID GRIESEL: Yes.	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22	CHAIRMAN TIM MUNSON: Okay. Two nominations. Do I have a second? MR. DANIEL BLANKENSHIP: I'll second. CHAIRMAN TIM MUNSON: Which? MR. DANIEL BLANKENSHIP: Your ++ Mr. Munson. CHAIRMAN TIM MUNSON: Okay. We have a motion and a second. Call for a roll call. MS. QUIANA FIELDS: Mr. Blankenship? MR. DANIEL BLANKENSHIP: Yes. MS. QUIANA FIELDS: Mr. Ferrell? MR. SHANNON FERRELL: Yes. MS. QUIANA FIELDS: Mr. Griesel? MR. DAVID GRIESEL: Wait, whoa, whoa. (Multiple speakers.) MR. CLAYTON EUBANKS: We have a nomination for a Chairman and a Vice-Chair or two Chairmen? (Multiple speakers.) MR. DANIEL BLANKENSHIP: He just made a nomination for a chairman and so did MR. CLAYTON EUBANKS: So we need to have a second for the nomination of Mr. Mason as chairman and then we can vote on whether Mr. Munson is the Chairman

	Page 10		Page 12
1	MR. DANIEL BLANKENSHIP: For you. We need a	1	MS. QUIANA FIELDS: Ms. Kunze?
2	second for Mr. Mason.	2	MS. JAN KUNZE: Yes,
3	CHAIRMAN TIM MUNSON: Do we have a second for	3	MS. QUIANA FIELDS: Mr. Mason?
4	David's nomination for Mr. Mason?	4	MR. STEVE MASON: Abstain.
5	MR. HOMER NICHOLSON: I'll second.	5	MS. QUIANA FIELDS: Mr. Nicholson?
6	MR. JIMMY KINDER: I'm sorry. I'm confused.	6	MR. HOMER NICHOLSON: Abstain.
7	Maybe I'm a little bit slower here. What	7	MS. QUIANA FIELDS: Mr. Paque?
8	CHAIRMAN TIM MUNSON: We've had two	В	MR. MIKE PAQUE: Yes.
9	nominations.	9	MS. QUIANA FIELDS: Mr. Sims?
10	MR, JIMMY KINDER: Yes, I know. You got a	10	MR. BILLY SIMS: Yes.
11	nomination for Chairman, which do not require a second.	11	MS. QUIANA FIELDS: Mr. Munson?
12	And then we'll have to have an election, correct?	12	CHAIRMAN TIM MUNSON: Yes.
13	CHAIRMAN TIM MUNSON: Correct.	13	MS. QUIANA FIELDS: Motion passed.
14	MR. CLAYTON EUBANKS: Yes.	14	CHAIRMAN TIM MUNSON: Okay. So now we
15	MR. JIMMY KINDER: Okay.	15	move
16	CHAIRMAN TIM MUNSON: Okay. So we have two	16	MR. CLAYTON EUBANKS: I mean, you have a
17	nominations and two seconds.	17	majority vote.
18	MR, CLAYTON EUBANKS: 1 don't think we've	18	CHAIRMAN TIM MUNSON: Okay. So need to go to
19	ever ran into this before.	19	the second one. Okay, All right. We'd open it up now
20	(Multiple speakers.)	20	for nominations for Vice-Chairman.
21	BOARD MEMBER: But we do need a motion that	21	MS. JAN KUNZE: I
22	nominations cease.	22	MR. DAVID GRIESEL: Steve Mason.
23	CHAIRMAN TIM MUNSON: Yeah. Nominations to	23	MS. JAN KUNZE: Okay. And I'm going to
24	cease and then a vote.	24	nominate Dan Blankenship. I think there's some synergy
25	MR. JIMMY KINDER: I'll make a motion the	25	in being able to do a second term, and I appreciate the
	Page 11		Page 13
1	nomination cease and we have the election.	1	time you guys have put in.
2	MS. JAN KUNZE: And I second that.	2	CHAIRMAN TIM MUNSON: Okay. We have two
3	CHAIRMAN TIM MUNSON: Okay. So how do we	1 3	
	1 14 4 7	1 -	nominations.
4	proceed with this?	4	nominations. MR. JIMMY KINDER: I'll make it easy. I'll
4 5	MR. CLAYTON EUBANKS: Take a roll call vote	-	
		4	MR. JIMMY KINDER: I'll make it easy. I'll
5	MR. CLAYTON EUBANKS: Take a roll call vote	4 5	MR. JIMMY KINDER: I'll make it easy. I'll make a motion that the nominations cease and we have
5 6	MR. CLAYTON EUBANKS: Take a roll call vote on Mr. Munson for Chairman and then take a roll call	4 5 6	MR. JIMMY KINDER: I'll make it easy. I'll make a motion that the nominations cease and we have the election.
5 6 7	MR. CLAYTON EUBANKS: Take a roll call vote on Mr. Munson for Chairman and then take a roll call vote for Mr. Mason as Chairman is the only way I know	4 5 6 7	MR. JIMMY KINDER: I'll make it easy. I'll make a motion that the nominations cease and we have the election. DR. TRACY HAMMON: I'll second.
5 6 7 8	MR. CLAYTON EUBANKS: Take a roll call vote on Mr. Munson for Chairman and then take a roll call vote for Mr. Mason as Chairman is the only way I know to do it.	4 5 6 7 8	MR. JIMMY KINDER: I'll make it easy. I'll make a motion that the nominations cease and we have the election. DR. TRACY HAMMON: I'll second. CHAIRMAN TIM MUNSON: Okay. All right. So
5 6 7 8 9	MR. CLAYTON EUBANKS: Take a roll call vote on Mr. Munson for Chairman and then take a roll call vote for Mr. Mason as Chairman is the only way I know to do it. CHAIRMAN TIM MUNSON: Okay. Quiana, would	4 5 6 7 8	MR. JIMMY KINDER: I'll make it easy. I'll make a motion that the nominations cease and we have the election. DR. TRACY HAMMON: I'll second. CHAIRMAN TIM MUNSON: Okay. All right. So we'll have a roll call for the Vice-Chair. Mr. Mason
5 6 7 8 9	MR. CLAYTON EUBANKS: Take a roll call vote on Mr. Munson for Chairman and then take a roll call vote for Mr. Mason as Chairman is the only way I know to do it. CHAIRMAN TIM MUNSON: Okay. Quiana, would you please do a roll call vote for the motion and	4 5 6 7 8 9	MR. JIMMY KINDER: I'll make it easy. I'll make a motion that the nominations cease and we have the election. DR. TRACY HAMMON: I'll second. CHAIRMAN TIM MUNSON: Okay. All right. So we'll have a roll call for the Vice-Chair. Mr. Mason first.
5 6 7 8 9 10	MR. CLAYTON EUBANKS: Take a roll call vote on Mr. Munson for Chairman and then take a roll call vote for Mr. Mason as Chairman is the only way I know to do it. CHAIRMAN TIM MUNSON: Okay. Quiana, would you please do a roll call vote for the motion and second for nomination of Tim Munson for Chairman?	4 5 6 7 8 9	MR. JIMMY KINDER: I'll make it easy. I'll make a motion that the nominations cease and we have the election. DR. TRACY HAMMON: I'll second. CHAIRMAN TIM MUNSON: Okay. All right. So we'll have a roll call for the Vice-Chair. Mr. Mason first. MS. QUIANA FIELDS: Mr. Blankenship?
5 6 7 8 9 10 11 12 13	MR. CLAYTON EUBANKS: Take a roll call vote on Mr. Munson for Chairman and then take a roll call vote for Mr. Mason as Chairman is the only way I know to do it. CHAIRMAN TIM MUNSON: Okay. Quiana, would you please do a roll call vote for the motion and second for nomination of Tim Munson for Chairman? MS. QUIANA FIELDS: For Tim Munson.	4 5 6 7 8 9 10 11	MR. JIMMY KINDER: I'll make it easy. I'll make a motion that the nominations cease and we have the election. DR. TRACY HAMMON: I'll second. CHAIRMAN TIM MUNSON: Okay. All right. So we'll have a roll call for the Vice-Chair. Mr. Mason first. MS. QUIANA FIELDS: Mr. Blankenship? MR. DANIEL BLANKENSHIP: No.
5 6 7 8 9 10 11 12	MR. CLAYTON EUBANKS: Take a roll call vote on Mr. Munson for Chairman and then take a roll call vote for Mr. Mason as Chairman is the only way I know to do it. CHAIRMAN TIM MUNSON: Okay. Quiana, would you please do a roll call vote for the motion and second for nomination of Tim Munson for Chairman? MS. QUIANA FIELDS: For Tim Munson. Mr. Blankenship?	4 5 6 7 8 9 10 11 12 13	MR. JIMMY KINDER: I'll make it easy. I'll make a motion that the nominations cease and we have the election. DR. TRACY HAMMON: I'll second. CHAIRMAN TIM MUNSON: Okay. All right. So we'll have a roll call for the Vice-Chair. Mr. Mason first. MS. QUIANA FIELDS: Mr. Blankenship? MR. DANIEL BLANKENSHIP: No. MS. QUIANA FIELDS: Mr. Ferrel!?
5 6 7 8 9 10 11 12 13	MR. CLAYTON EUBANKS: Take a roll call vote on Mr. Munson for Chairman and then take a roll call vote for Mr. Mason as Chairman is the only way I know to do it. CHAIRMAN TIM MUNSON: Okay. Quiana, would you please do a roll call vote for the motion and second for nomination of Tim Munson for Chairman? MS. QUIANA FIELDS: For Tim Munson. Mr. Blankenship? MR. DANIEL BLANKENSHIP: Yes.	4 5 6 7 8 9 10 11 12 13 14	MR. JIMMY KINDER: I'll make it easy. I'll make a motion that the nominations cease and we have the election. DR. TRACY HAMMON: I'll second. CHAIRMAN TIM MUNSON: Okay. All right. So we'll have a roll call for the Vice-Chair. Mr. Mason first. MS. QUIANA FIELDS: Mr. Blankenship? MR. DANIEL BLANKENSHIP: No. MS. QUIANA FIELDS: Mr. Ferrell? MR. SHANNON FERRELL: No.
5 6 7 8 9 10 11 12 13 14	MR. CLAYTON EUBANKS: Take a roll call vote on Mr. Munson for Chairman and then take a roll call vote for Mr. Mason as Chairman is the only way I know to do it. CHAIRMAN TIM MUNSON: Okay. Quiana, would you please do a roll call vote for the motion and second for nomination of Tim Munson for Chairman? MS. QUIANA FIELDS: For Tim Munson. Mr. Blankenship? MR. DANIEL BLANKENSHIP: Yes. MS. QUIANA FIELDS: Mr. Ferrell?	4 5 6 7 8 9 10 11 12 13 14 15	MR. JIMMY KINDER: I'll make it easy. I'll make a motion that the nominations cease and we have the election. DR. 1	MR. STEVE MASON: Abstain.	1	it.
2	MS. QUIANA FIELDS: Mr. Nicholson?	2	Good morning, Madam (sic) Chair and members of the
3	MR. HOMER NICHOLSON: No.	3	Board.
4	MS. QUIANA FIELDS: Mr. Paque?	4	CHAIRMAN TIM MUNSON: Mr. Chair.
5	MR. MIKE PAQUE: No.	5	MS. BRENDA MERCHANT: Mr. Chair. Sorry.
6	MS. QUIANA FIELDS: Mr. Sims?	6	CHAIRMAN TIM MUNSON: A lot of confusion
7	MR. BILLY SIMS: No.	7	around here this morning.
8	MS. QUIANA FIELDS: Mr. Munson?	8	(Laughter.)
9	CHAIRMAN TIM MUNSON: No.	9	MR. CLAYTON EUBANKS: That was a little more
10	MS. QUIANA FIELDS: Motion not passed.	10	awkward than the last item.
11	CHAIRMAN TIM MUNSON: Okay. Now, we will	11	(Multiple speakers.)
12	have a roll call for the nomination of Vice-Chair for	12	CHAIRMAN TIM MUNSON: Let's see where this is
13	Dan Blankenship.	13	going to go next.
14	MS. QUIANA FIELDS: Mr. Blankenship?	14	MS, BRENDA MERCHANT: Pardon me.
15	MR. BLANKENSHIP: Yes.	15	The Department is proposing to amend OAC 252,
16	MS. QUIANA FIELDS: Mr. Ferrell?	16	Chapter 515, Management of Solid Waste in response to
17	MR. SHANNON FERRELL: Yes.	17	legislative changes regarding tires that fall under the
18	MS. QUIANA FIELDS: Mr. Griesel?	18	scope of the used tire recycling program. The
19	MR. DAVID GRIESEL: Yes.	19	Department is also proposing to correct citations and
20	MS. QUIANA FIELDS: Dr. Hammon?	20	clarify language throughout Chapter 515. The gist of
21	DR. TRACY HAMMON: Yes.	21	the rule is to amend the current regulations to reflect
22	MS. QUIANA FIELDS: Mr. Hirshey?	23	the statutes and also remove outdated references and

The only thing that we're asking today is to correct a few typos that were — MR. DANIEL BLANKENSHIP: Oh. MR. PATRICK RILEY: — in the original rule that we passed a few years ago. But we wanted to let you know that the recent hearing from EPA, that they
4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22	Rules formatting requirements to qualify the program's compliance with federal regulations. EPA established federal standards for the construction, operation and closure of CCR disposal facilities. The federal rule gives states the option to develop their own CCR permitting programs, if the state can demonstrate its permitting program will be as protective as the federal requirements. DEQ opted to develop its own CCR permitting program, which is why Chapter 517 was promulgated on January 16th, 2018. EPA published its proposal to approve DEQ's CCR permitting program. EPA held a public hearing at DEQ this week to receive comments on the proposal. A fact sheet about DEQ's CCR permit program has been provided as a supplement to your packets. Did you all get — did the notes — the fact sheet make your packets? Because it might not have. And if it did not, we have some in the back. It looks like	3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22	program or offer delegations to states. So since we'd previously adopted the federal rule, we've applied for that delegation. MR. DANIEL BLANKENSHIP: Is there — is there funding that comes along with it from the Feds? MR. SCOTT THOMPSON: No. MR. DANIEL BLANKENSHIP: Is there fees for the application that will cover the cost of providing it? MR. PATRICK RILEY: No. It's covered under the existing solid waste fees is how we're paying for it. And really, it's not a new program and it's not a new rule. The only thing that we're asking today is to correct a few typos that were — MR. DANIEL BLANKENSHIP: Oh. MR. PATRICK RILEY: — in the original rule that we passed a few years ago. But we wanted to let you know that the recent hearing from EPA, that they gave us authority to operate in lieu of federal rules happened this week. So you may have seen it — seen it

	Page 22		Page 24
1	made a final determination on that.	1	MR. HOMER NICHOLSON: Yes.
2	MR. PATRICK RILEY: No. They had their	2	MS. QUIANA FIELDS: Mr. Paque?
3	hearing this week.	3	MR. MIKE PAQUE: Yes.
4	MR. SCOTT THOMPSON: So they just had their	4	MS. QUIANA FIELDS: Mr. Sims?
5	hearing. They're holding the public comment period	5	MR. BILLY SIMS: Yes.
6	longer. Regardless of that, we need to do this.	6	MS. QUIANA FIELDS: Mr. Munson?
7	MR. DANIEL BLANKENSHIP: Okay. So this	7	CHAIRMAN TIM MUNSON: Yes.
8	action is to make some corrections in the existing	В	MS. QUIANA FIELDS: Motion passed.
9	language?	9	CHAIRMAN TIM MUNSON: Thank you.
10	MR. SCOTT THOMPSON: Correct.	10	All right. We'll move on to Agenda item number
11	MR. PATRICK RILEY: Correct,	11	eight, Rulemaking Regarding Indirect Potable Reuse for
12	MR. DANIEL BLANKENSHIP: And I'll just	12	Surface Water Augmentation. I believe we have
13	voice go on the record, I think we're going to talk	13	Brian Duzan, Chair of the Water Quality Management
14	about this later, about our budget situation and, you	14	Advisory Council.
15	know, taking on any new types of I think we're	15	MR. BRIAN DUZAN: Good morning. This
16	looking at, you know, possibly paring back services	16	proposal is for the new chapter, which is going to be
17	that and just be very cautious about taking on any	17	628 for Indirect Potable Reuse for Surface Water
18	new programs that aren't self-funded or provide funding	18	Augmentation.
19	to cover that.	19	As a lot of you know, Oklahoma has been subject to
20	CHAIRMAN TIM MUNSON: Any other comments?	20	droughts here recently and they said, you know,
21	MR. DANIEL BLANKENSHIP: Thank you.	21	southwest Oklahoma still hasn't had rain for over 100
22	CHAIRMAN TIM MUNSON: Questions?	22	days now. So this proposal of the new chapter is a
23	(No response.)	23	result of the Oklahoma Legislature's mandate that the
24	CHAIRMAN TIM MUNSON: Any comments or	24	Board of Environmental Quality promulgate rules for the
25	questions on the part of the public?	25	indirect potable reuse of treated wastewater

And they were presented in three informal public meetings across the state in the latter half of last year. But there's been a whole lot of meetings. Every time our board has met over the past since 2015, we've gotten constant updates about where it's going,

Page 26 Page 28 presentations on this. 1 1 had public meetings. We had six public meetings. We 2 2 The proposed rules were then presented to the had an ad hoc committee. And overwhelming, at the end 3 Water Quality Management Advisory Council for 3 of that two-year process, our direction we - let me 4 discussion on October 2017, and then they were 4 back up a little bit. 5 unanimously approved on January 11th of this year. 5 The City of Norman gets its water from 6 During the January meeting, the City of Norman 6 Lake Thunderbird, which is permitted out. There is no 7 Council presented a resolution that the proposed IPR 7 more water available there. And we also use wells, and 8 rules are a necessary step to ensure the stated goal of В that's not an infinite supply of water. So we had to 9 the Water for 2060 Act, that these rules are a 9 look at some other choice. And having IPR, Indirect 10 collaborative effort of DEQ, OWRB, municipalities and 10 Potable Reuse, in our long-term plan, is our direction. 11 technical experts and that these IPR rules should be 11 That's going to be able to supply us water. Because 12 adopted. And now we are asking for the DEQ Board to 12 otherwise, you're looking further and further and 13 13 adopt these rules. further away from your communities for where you're 14 Thank you. 14 going to get your next water supplies. So this means a 15 CHAIRMAN TIM MUNSON: Thank you, 15 lot to many communities in Oklahoma. Thank you. 16 Do we have any questions or discussion on the part 16 CHAIRMAN TIM MUNSON: Thank you, Ken. 17 of the board? 17 Does anybody have any questions or comments for 18 MR. DANIEL BLANKENSHIP: Mr. Chairman, I 10 Ken? 19 believe I saw Ken Komiske with the City of Norman here 19 (No response.) 20 this morning. If he wouldn't mind stepping up and 20 CHAIRMAN TIM MUNSON: Do we have any other 21 sharing with us maybe a little bit of the history and 21 comments, or anybody else in the public would like to 22 22 their position on this matter. speak to this? 23 CHAIRMAN TIM MUNSON: Okay. 23 (No response.) 24 MR. DANIEL BLANKENSHIP: And I believe he 24 MR. BILLY SIMS: I've got a question about 25 also represents the municipalities as a member of the 25 fees. How did you arrive - on Page 3, it says new Page 27 Page 29 1 Oklahoma Municipal Utility Providers. 1 facilities and major modification that alter the 2 CHAIRMAN TIM MUNSON: Okay. 2 original design or the design capacity of \$18,000. 3 MR. KEN KOMISKE: Thank you. 3 That's initiation fee for y'all to review the plans. 4 MR. DANIEL BLANKENSHIP: You're welcome. 4 Is that - did I understand that correctly? 5 Thank you, Ken. 5 MR. GREG CARR: If I may. Thank you, sir. 6 MR. KEN KOMISKE: My name is Ken Komiske. 6 My name is Greg Carr. I'm the Water Quality Division 7 7 I'm with the City of Norman. And yes, our City Council Chief Engineer, 8 8 did provide a resolution in support of reuse rules With the fees, that was part of the thing that we 9 and - excuse me. I'd like to really start with the 9 discussed in our committee with the municipalities and 10 appreciation of many, many, many communities in 10 with consulting engineers. And we went through a 11 Oklahoma for these new rules. It gives us a clear 11 review with -- with the Indirect Potable Reuse, we've 12 direction. 12 got the lake monitoring. There's a whole lot more 13 And with your organization, with the leadership of 13 monitoring involved. We basically surveyed our staff. 14 Scott Thompson and Saba and your staff that put in 14 We compared it to what we're doing currently on a -- on 15 many, many hours to develop these rules, it shows great 15 a plan review and we extrapolated it out. 16 leadership because now we have a good direction and we 16 We've got a worksheet that works through basically 17 are a leader in the country, really, for developing 17 for a professional engineer for one of our planning 18 specific IPR rules. 18 review engineers, the manager and then you've got 19 And if you think of, you know, what does that 19 administrative assistant. And it is extrapolated out. 20 mean? Why do we do this? Any community, wherever 20 But we went through a worksheet, and I've got some 21 you're from, eventually you're going to need more 21 copies if you care to look at those. 22 water, whether it's the increased population or MR. BILLY SIMS: Well, I guess the question 22 23 economic development or even agriculture. 23 is, it's just a flat stated fee, not based on size of 24 And that's what we've done in Norman is we've put 24 the project or as a percentage of the project? The fee 25 together our 50-year plan for additional water. And we 25 is not based on that, it's just --

Page 30 Page 32 1 MR. GREG CARR: And I -- sorry. I couldn't 1 MR. GREG CARR: Well, we would have to 2 hear completely when I was walking up. Is this for -2 evaluate that on a case-by-case basis. And some of 3 so we've got the three fees. There's the discharge 3 these projects could be released upstream of an intake. 4 permitting, there's - is this for the construction I mean, in reality, you have releases upstream of 5 permit? 5 intakes now that are other people's further downstream. 6 MR. BILLY SIMS: Yeah. 6 But we would -- so this could apply to a lake situation 7 MR. GREG CARR: Yes, sir. It was just based 7 or a stream situation. 8 on - there's - the only difference is basically a new 8 So we would evaluate each one on its own merits. 9 9 permit or a minor - or a major modification or a minor And, for example, the kinds of things that we've 10 10 modification. That's how our current fees are set up thought about are that we would like a combination of 11 11 for construction permitting. We just modeled it after modeling and actual monitoring in the lake for whatever 12 12 that. constituents are of concern. And if we hit some 13 13 MR. BILLY SIMS: So that applies to a new threshold that might cause the water to become harder 14 project or a major modification? 14 to treat or to be problematic from the beneficial uses, 15 MR. GREG CARR: Yes, sir. And then there's 15 then we cease the discharge. Maybe we reduce the 16 another - I believe it's a 15 percent for the minor. 16 discharge first and then you cease discharge later. 17 17 Basically, 15 percent of the major. Does that answer But we will build those into the permits. 18 18 your question, sir? DR. TRACY HAMMON: Okay. Thank you. 19 MR. BILLY SIMS: Okay. Well, that's - I 19 CHAIRMAN TIM MUNSON: Any other questions or 20 20 guess my question, how is those fees arrived at? Is it comments? 21 a percentage of the project or just a base charge, 21 Mike. 22 22 minimum charge? MR. MIKE PAQUE: So I was still - excuse 23 MR. GREG CARR: It's a base charge. We 23 me - I was still on the Water Quality Management 24 24 basically looked at manhours. Advisory Council when we initiated these discussions, 25 MR. BILLY SIMS: Okay. 25 although I didn't vote. I've been on this Board for Page 31 Page 33 MR. GREG CARR: Basically, we talked with our 1 1 seems like a while, but not quite a year. 2 human resources and how much it costs to basically 2 (Laughter.) 3 3 compensate one of our professional engineers, MR. MIKE PAQUE: So anyways, I've got some 4 4 consulting engineers or one of our in-house background on it. And I think this is another tool 5 5 professional engineers, PEs, and then admin assistant that put -- that we can put in the pocket of our and, basically, just worked up an example of what we 6 6 municipalities and water supplies across the 7 7 would typically do. United States. It's akin to the Aquifer Storage and 8 And it's – these will be large projects. I - Iв Recovery rules that we passed a meeting or so ago, 9 don't expect to see any small projects on this, so we 9 again, arming us against drought. This drought isn't 10 10 looked at a typical large project and extrapolated from going away any time soon. I saw in the paper today we 11 that how much it would be. 11 had 130 days, for most of the state, without any 12 12 MR. BILLY SIMS: Yeah. measurable precipitation. We hope that changes. 13 13 MR. GREG CARR: But I don't expect to see any But, for one, I fully support this rule and the 14 14 small projects on this, at least any time soon. effort by the DEQ to give the municipalities and public 15 MR. BILLY SIMS: Sure. 15 and private water suppliers another tool to augment MR. GREG CARR: Thank you, sir. 16 16 water supplies. I think it's in the best interest of 17 17 MR. BILLY SIMS: Yeah. water supply, 18 CHAIRMAN TIM MUNSON: All right. Any other 18 CHAIRMAN TIM MUNSON: Thank you, Mike. 19 19 questions or comments? Any other comments, questions? 20 DR. TRACY HAMMON: I have a quick question, 20 (No response.) 21 21 just for my education on this. I'm assuming that these CHAIRMAN TIM MUNSON: Okay. Do we have a 22 treated wastewaters used to be released into the old 22 23 tributaries and streams nearby. Is there any impact 23 MR. STEVE MASON: 1 move approval. 24 for diverting these into the surface water, lakes, on 24 MR. JIMMY KINDER: I'll second. 25 those ecosystems? 25 CHAIRMAN TIM MUNSON: We have a motion and a

	Page 34		Page 36
1	second.	1	facilitate more water drainage, drilled some holes
2	Quiana, would please do the roll call?	2	through some of the decking, which didn't really help
3	MS. QUIANA FIELDS: Mr. Blankenship?	3	in terms of long-term lifespan of the parking garage.
4	MR. DANIEL BLANKENSHIP: Yes.	4	But it's beyond its designed life significantly and
5	MS. QUIANA FIELDS: Mr. Ferrell?	5	so if any of you want to hang around and go on that
6	MR. SHANNON FERRELL: Yes.	6	tour, it will be relatively informal.
7	MS. QUIANA FIELDS: Mr. Griesel?	7	And we do have a guy that goes around once a week
8	MR. DAVID GRIESEL: Yes.	8	or so in the evenings, maybe more often sometimes, and
9	MS. QUIANA FIELDS: Dr. Hammon?	9	picks the loose stuff off the ceiling so it doesn't
10	DR. TRACY HAMMON: Yes.	10	fall on people's heads or cars during the daytime. So
11	MS. QUIANA FIELDS: Mr. Hirshey?	11	anyway, that's what that's about
12	MR. KENNETH HIRSHEY: Yes.	12	There's also Senate Bill 1033. It's Department of
13	MS. QUIANA FIELDS: Mr. Kinder?	13	mines being consolidated into DEQ, and that was not a
14	MR. JIMMY KINDER: Yes.	14	request of ours. That's something that Senator Bice
15	MS. QUIANA FIELDS: Ms. Kunze?	15	has introduced. And she's doing it, I think, just for
16	MS. JAN KUNZE: Yes.	16	efficiency. So we will be neutral on that. We're not
17	MS. QUIANA FIELDS: Mr. Mason?	17	going to go request it or but, you know, we're not
18	MR. STEVE MASON: Yes.	18	going to oppose it. If the Legislature tells us to do
19	MS. QUIANA FIELDS: Mr. Nicholson?	19	it, we'll do it. We'll do whatever we need to do to
20	MR. HOMER NICHOLSON: Yes.	20	apply the law properly, so
21	MS. QUIANA FIELDS: Mr. Paque?	21	The Senate Bill 1352, DEQ uses data for net
22	MR. MIKE PAQUE: Yes.	22	evaporation zones by Senator Allen. I think Senator
23	MS. QUIANA FIELDS: Mr. Sims?	23	Allen we've talked to Senator Allen. We're going to
24	MR. BILLY SIMS: Yes.	24	work with him on what his concerns are. It has to do
25	MS. QUIANA FIELDS: Mr. Munson?	25	with aerobic systems and whether or not their

2 3 4 5 6 7 8 9 10 11 12	CHAIRMAN TIM MUNSON: Yes. MS. QUIANA FIELDS: Motion passed. CHAIRMAN TIM MUNSON: Thank you. All right. We'll move on to item number nine, Executive Director's Report. Scott. MR. SCOTT THOMPSON: Thank you. Well, we had our budget hearing on January 24th. It went fine. It was a combination of Senate and House, and it was not terribly traumatic. It was — we went first, but they asked more questions than I thought they would at that early in the morning, but it went well. So we also have some key bills that we're	2 3 4 5 6 7 8 9 10	requirements are — are clear for the folks out there being regulated or maybe even consistent on our part. So we're going to try to make sure that we have clarity and consistency on that and, perhaps, adopt this. But I don't think that we need a statutory fix, if we need a fix. We can probably do it through rulemaking, and he's amendable to that. Senate Bill 1147, our Quality Standards Implementation is a bill that relates to aquifer storage recovery, and some of the other things we might do, like groundwater cleanups, to clarify that — we, and the Water Board, believe that we have the authority to pass our own implementation rules and make practical
2 3 4 5 6 7 8 9 10 11 12 13	CHAIRMAN TIM MUNSON: Yes. MS. QUIANA FIELDS: Motion passed. CHAIRMAN TIM MUNSON: Thank you. All right. We'll move on to item number nine, Executive Director's Report. Scott. MR. SCOTT THOMPSON: Thank you. Well, we had our budget hearing on January 24th. It went fine. It was a combination of Senate and House, and it was not terribly traumatic. It was — we went first, but they asked more questions than I thought they would at that early in the morning, but it went well. So we also have some key bills that we're tracking, and I'll mention a few of those. There's	2 3 4 5 6 7 8 9 10 11	requirements are — are clear for the folks out there being regulated or maybe even consistent on our part. So we're going to try to make sure that we have clarity and consistency on that and, perhaps, adopt this. But I don't think that we need a statutory fix, if we need a fix. We can probably do it through rulemaking, and he's amendable to that. Senate Bill 1147, our Quality Standards Implementation is a bill that relates to aquifer storage recovery, and some of the other things we might do, like groundwater cleanups, to clarify that — we, and the Water Board, believe that we have the authority to pass our own implementation rules and make practical decisions about how to implement State and water
2 3 4 5 6 7 8 9 10 11 12	CHAIRMAN TIM MUNSON: Yes. MS. QUIANA FIELDS: Motion passed. CHAIRMAN TIM MUNSON: Thank you. All right. We'll move on to item number nine, Executive Director's Report. Scott. MR. SCOTT THOMPSON: Thank you. Well, we had our budget hearing on January 24th. It went fine. It was a combination of Senate and House, and it was not terribly traumatic. It was — we went first, but they asked more questions than I thought they would at that early in the morning, but it went well. So we also have some key bills that we're	2 3 4 5 6 7 8 9 10 11 12 13	requirements are — are clear for the folks out there being regulated or maybe even consistent on our part. So we're going to try to make sure that we have clarity and consistency on that and, perhaps, adopt this. But I don't think that we need a statutory fix, if we need a fix. We can probably do it through rulemaking, and he's amendable to that. Senate Bill 1147, our Quality Standards Implementation is a bill that relates to aquifer storage recovery, and some of the other things we might do, like groundwater cleanups, to clarify that — we, and the Water Board, believe that we have the authority to pass our own implementation rules and make practical

Page 38

1 that is an attempt, by the Senate, to get a handle on 2 what they call off-the-top money. It is apportioned 3 funds where you get apportionment from that. And 4 essentially, the way we read it now, it would give us 5 what our average is for the last three years. And 6 anything that was raised above that then would go into 7 the general fund and make it appropriated. So I think Θ that's bearable if it stays like that. If it changes, 9 it could be problematic for us, significantly

> But it basically puts a limit on growth, is the way I read it, that they're not going to cut that funding source to us. They're going to take any new increases and use those elsewhere, so that might be okay. I don't know what the likelihood of it passings is, at this point, but we'll see.

Then -- okay. There's a -- speaking about fees that - that are appropriated. We had an oversight when we had you guys pass the ASR rules that there's requirement for the new fees to be passed when the legislature is in session. Although weren't they in special session?

23 CHAIRMAN TIM MUNSON: They were. MR. SCOTT THOMPSON: Doesn't that count? CHAIRMAN TIM MUNSON: I don't know.

Page 40

- 1 to deal with that issue, if you wished, and get it done
- 2 during the session in time for it. But we'd have some
- 3 notification requirements if the Governor's office had
- 4 a time before we could have a meeting. I don't think
 - we'd have adequate time to go through the council
- 6 meeting and then set up a Board meeting. We'd have to
 - have a special council meeting, special Board meeting
- 8 both. But you could consider this notification
 - language, as well as the fee portion of the deal, and
- 10 that might correct it.

6

9

10

Would that be possible?

12 MR. ROB SINGLETARY: During a special 13 session?

14 MR. SCOTT THOMPSON: If they had a special 15 meeting like in a month or in a few weeks.

MR. ROB SINGLETARY: Yeah, I think we'd have to go through the - we would have to go through the notices for rulemaking and put stuff in the

19 Oklahoma Register, but we'd have to schedule the -20

like you said, the council meeting and then the Board 21 meeting. But it possibly could be done within the

22 legislative session. 23

MR. SCOTT THOMPSON: All right. And I'm not advocating for that necessarily. I'm just throwing it out as a possibility.

Page 39

MR. SCOTT THOMPSON: The ASR rules had some fees in them. And instead of referencing existing fees, I guess they kind of created a new category of

4 fee, so we're going -- we're not asking you to vote on 5

it at this time. But we're going to do a little

6 housekeeping with the Governor's office and folks, and 7

we may have to revote on those fees at a later date to reinstitute them. So I think we can let the rule go

9 through -- or ask them to have the rule go through and 10 strike that fee portion for the moment.

> And there's also some language that we have that I don't know if you guys got a copy of it, but we have

13 that language on the notification. Last one we did 14 pass the ASR rules for storage and recovery rules that

15 we had a request for -- I see it there. The -- to 16 improve the notification requirements to people who

17 have water rights in the area. And I think there's

18 been some work on that, and I think we have a

19 reasonable draft of that to go back through a council 20

and back to you guys, so that's available for review.

And it's not for a vote at this point in time. If you guys were really very interested in seeing that

23 adopted quicker, then -- and with the fee situation. 1 24 just thought of this, so Rob may correct me if I'm

wrong. But you guys could have a special meeting just

Page 41

2 MR. SCOTT THOMPSON: Yes.

MR. MIKE PAQUE: So if we don't -- if we did

MR. MIKE PAOUE: Scott, question.

4 do that, did I just hear you say we -- it probably

wouldn't be acted on during this legislative session by the Legislature?

7 MR. SCOTT THOMPSON: Well, I think if we did 8

in time. What's the deadline for submitting it?

MR. ROB SINGLETARY: It's like March 1st. (Multiple speakers.)

11 MR. SCOTT THOMPSON: Oh, yeah, so we would --12 never mind.

13 MR. CLAYTON EUBANKS: I didn't want to cut 14 you off, but --

15 MR. SCOTT THOMPSON: Okay. Well, you should 16 have.

17 Anyways, that language talks about notifying the

18 landowner and property owners that border the ASR 19 facility or recovery structure boundaries, irrigation,

20 industrial, commercial and public water supply permit

21 holders or water right owners in the area that could be 22 affected hydrologically, groundwater associations,

23 associations that represent oil-and-gas operators. So 24 anyway, we will deal with that in the standard manner.

25 Okay. The new EPA regional administrator,

Page 42

- 1 Anne Idsal, came here for a visit, and I've had a
- 2 couple other discussions with her. She worked most
- 3 recently for Texas Land Office, ran that, and was -
- 4 worked at the TCEQ, you know, our sister agency in
- 5 Texas, basically. Before that, she's an attorney. I
- 6 was very impressed with her. I think she's going to be
- 7 really great to work with and I think she's going to
- 8 get things done. So I'm happy about that, and so I

9 thought that went very well.

We had some headquarter staff here. Our TWPC folks had a UIC conference in Tulsa that was great. I got to go to that and visit a little bit. And Peter Grevatt, who was the acting AA for water and, I

13 14 guess - have we appointed a permanent - a new AA?

15 MR. MIKE PAQUE: (Nodded head.)

MR. SCOTT THOMPSON: Okay, So Peter is back to being Deputy. But Peter is an outstanding person, great public servant. And so he was here along with some of the other EPA staff, and we got to take them out and visit some of the smaller water systems in the area. We went to - had them going to South Delaware

22 County Regional Water Authority. That's a unique 23 regional drinking water project with a number of

24 systems and funding agencies involved.

Shellie Chard, our Water Quality Director,

Page 44

Page 45

- 1 But you also increase the potential for disinfection
- 2 byproducts and a few things like that. So it makes
 - some things easier, but it also makes it a little more
- 4 challenging to stay in compliance on other rules, so -
- 5 but we'll have to try to help those folks and keep an
- 6 eye on that and see if there's -- keep pushing EPA for
- 7 technological solutions to these rather than just new 8

rules all the time.

So we also met with the Cherokee Nation this week, had a good meeting with them and we talked about general environmental stuff, and I thought that was very productive. And I - we're going to continue to work with the Cherokees and try to do some potentially -- collaborate a little more, run a pilot on trying to work with them on complaints and let them know about significant complaints in their area that they might have concerns about and/or be able to bring resources to help with, if needed, so --

And we probably will reach out to some of the other tribes in a similar manner. But we'll take that one as a pilot and make it -- see how we get it to work and then we'll -- we'll move on from there.

And we recently had a meeting with the Oklahoma military installations, their environmental folks at these installations. And we did that last year. So

Page 43

- arranged this trip. And there's a water authority
- 2 being formed to include five public water supply
- 3 systems from that region and serve customers in a 125
- 4 mile - square mile area. The project includes
- 5 construction of a new water treatment plant, raw water
- 6 line, three pump stations, two storage tanks and other
- 7 related equipment. The estimated cost is about
- 8 \$16 million. And the DWSRF program, their revolving
- 9 fund for drinking water, provided about 3.7 million of
- 10 that and 2 million of that will be principal
- 11 forgiveness. The rest of the funds will be provided by 12 the rural development and Indian Health Services and

13 the Cherokee Nation. So that's a good project.

14 You know, as the rules get tougher and tougher,

it's harder for small systems to make it, so

16 regionalization is good. It's a voluntary approach

17 that everybody is taking. Because if you try to force people to regionalize, you'll really get pushed back. 18

19 But I think that's a good project.

20 And it's really good to get EPA out of their

21 offices to see real systems and to wrestle with that, 22 because these smaller systems can't take much more.

But when you do this regionalization, you know,

you can get more funding and you can get a greater fee base to try to cover the costs of delivering water.

this is the second year we've had that. We plan to do

2 it every year. I'm going to try get out and visit some

3 of those folks, because I was elsewhere when this one

occurred, but I need to go visit some of the

5 facilities. I've been to several of them, but there's

6 a couple of them I haven't really been -- spent much

actual time on the military base.

8 We have a new Agency Mission Statement. I guess

9 it's up on the screens, so you might have to strain

10 your neck. We'll leave it up there. And, you know,

11 they didn't write it here so that I could read it.

12 But it's the mission of the Oklahoma Department of

13 Environmental Quality to protect people through the air

14 we breathe, the water we drink and the land on which we

15 thrive, helping to make Oklahoma an even better place

16 to live. So I think that's going to be a positive

17 thing. It was time to update our Mission Statement,

and I think that's good.

19 So the - oh, we have to recognize Cindy, my

20 secretary, the Executive Secretary, Cindy Przekurat.

21 This is her last meeting. She's going to retire and

22 have a lot of fun while the rest are still stuck here.

So it's - and actually, Jimmy and I are in big trouble

24 because she keeps us straight. She's outstanding. So

25 I'd just really like to thank her for her time here.

Page 46 Page 48 1 (Applause.) 1 MR. SCOTT THOMPSON: Money from the sale of 2 MR. SCOTT THOMPSON: So if I don't show up 2 these tags is used in our grant programs, like I said, 3 where I'm supposed to after she leaves - which I think 3 and help schools and other youth organizations across 4 April Fool's Day is her last day. So I don't know what 4 the state with environmental projects. So that's just 5 that means. But, you know, it's - it's because Cindy 5 awesome. I love this. This is the kind of stuff I 6 abandoned me, that's why. 6 like to see people do is in-house, being innovative, 7 I also want to take a few minutes to recognize 7 stepping out and being creative. I mean, that's just 8 some employee accomplishments. I think we've talked a 8 outstanding. Thanks, guys. Thanks to all of y'all. 9 little bit before about our energy conservation efforts 9 And our - I don't want to forget. We got a bunch 10 10 here at our main office, retrofitting and removing old of energy champs to also help with a lot of our savings 11 light fixtures and replacing a lot with - we're pretty 11 on energy costs over the years, so those folks are --12 much LED everywhere or almost all light sources are 12 we had folks from each division participate in that. 13 LED. There's a few that are not. We're still looking 13 We're going to do an in-house newsletter to 14 to upgrade those. 14 recognize additional employees throughout the year, so 15 But we saved a ton of money. We received a total 15 we'll distribute that to you guys when that's 16 of \$102,000-plus in energy rebates from OG&E. Of that 16 available, which will be fairly soon. So I'm pretty 17 amount, we got one big check of \$75,600 for the most 17 happy about that. 18 recent efforts, which the OG&E person, who presented us 10 The other folks, I don't know that they're here 19 the big foam check, told us that's the biggest check 19 today. If you are, you have to stand up. But we had 20 he's seen given out to anybody. So that's pretty 20 some employees of the quarter and employees of the 21 impressive. 21 year. These included Heather Mallory, Sara Ivey, 22 And Dawell Wright and Karl Heinzig are here. 22 Karen Steele, and David Mercer was our most recent 23 23 These guys did a lot of work. Come up on up here and employee of the year, so those guys deserve some 24 24 thanks, too. I don't see any of them here. Are they? 25 (Applause.) 25 MS. QUIANA FIELDS: There's one. Page 47 Page 49 1 MR. SCOTT THOMPSON: We're going to take some 1 MR. SCOTT THOMPSON: There's one. 2 2 pictures over by the -- okay. We'll hold that for just (Applause.) 3 3 a second. You guys can take some pictures, but then MR. SCOTT THOMPSON: Thank you. So thank you 4 we'll have a couple more folks come up. 4 guys for all your dedication. 5 5 So you also have seen, I think, a lot of the news Now I'd like to turn it over to Kathy for the 6 6 stories. We got a lot of media attention, a lot of budget, the next item on the Agenda. Or is that all of 7 7 interest in our new license plates and I just think Θ 8 they're outstanding. To me, the biggest thing about CHAIRMAN TIM MUNSON: Thank you for your 9 that is those were designed in-house. We didn't hire 9 report, Scott. And we'll move - anybody have any 10 10 someone else to do that and pay a lot of money to do questions for Scott? 11 it. It was our folks who did the design. And I even 11 (No response.) 12 12 heard that one of our local newscasters lamented that CHAIRMAN TIM MUNSON: All right. Thank you, 13 13 the new state tag wasn't like one of these. So we Scott 14 14 might sell quite a few. And that money goes to help, We'll move on to the budget update with DEQ's CFO 15 you know, environmental education efforts with schools 15 Kathy Aebischer. 16 and kids. 16 MS. KATHY AEBISCHER: Good morning. I'll 17 17 So I think I'm missing a page here. But the -give you a financial overview of what's happened since 18 oh, there were approximately 450 news stories 18 our last meeting. As Scott mentioned, we met with the 19 19 generated, including U.S. News and World Report and Joint Appropriate and Budget Committee to go over DEQ. 20 20 Seattle Times as far out as that. I just wanted to show you some financial slides that we 21 21 So we asked the public to vote on these. Our showed them. 22 in-house graphic artists who designed these, I want to 22 And you've seen this before. For FY '18, we 23 recognize Grant Thompson, Jim Ward, and you guys come 23 currently get seven percent of our budget is State 24 24 up, too. appropriations. Even though that's not a lot of money, 25 (Applause.) 25 it's very important to this agency. It funds those

25

spring. They were out to bid and finalizing those

Page 50 Page 52 1 activities that we don't charge for, that we don't have 1 contracts, so we should be having some expenditures in 2 2 fees for. That's environmental complaints, that's 3 technical assistance. So it's a very important piece 3 And if we look at all the sources of funds, it 4 4 breaks down the portion that we've spent in each of 5 We also mentioned to them that since FY 2009, DEQ 5 those funding categories. 6 6 has seen a 41 and a half percent cut in our State Okay. Any questions? All right. 7 appropriations, which is about \$4 million. So the 7 MR. STEVE MASON: I have a question. 8 impact to DEQ has been significant. 8 MS. KATHY AEBISCHER: Uh-huh. 9 We also wanted to let them know that we wanted to 9 MR. STEVE MASON: My understanding of some of 10 10 be part of the solution, too. So as Scott mentioned, the problems in the State Health Department is that 11 we have some energy savings that the Agency did. We 11 within the agency they were shifting funds from 12 also have started an Agency-wide program, which we've 12 different areas inappropriately and many people within 13 13 discussed in our Board meetings before that we are the agency were unaware of that, and the Board was 14 looking at what the priorities of the Agency are and 14 certainly unaware of that, 15 15 making sure every program is aligned with those What safeguards do we have in place to make sure 16 priorities. 16 that the collected funds are used appropriately and we 17 So we're on step three of this project, and we're 17 aren't moving them to other areas to make a budget 18 currently establishing a valuation criteria, which 18 19 we're going to take every program of the Agency and run 19 MS. KATHY AEBISCHER: Yes. DEQ is one of the 20 it through this criteria. We're going to prioritize. 20 few agencies that's on the - what they call Phase 2 21 We're going to see where we can have some efficiencies 21 PeopleSoft, and that's the - we use the project 22 gained. We're going to make sure we're not duplicating 22 costing module of PeopleSoft that tracks it down to the 23 any programs among divisions or even outside of our 23 fund project level. So we have very detailed 24 24 agency. So it's pretty intensive, but we're involving accounting of what funds are being used and where. So 25 everybody in the agency just to make sure that we are 25 they're separated. We don't borrow any federal funds Page 51 Page 53 1 as efficient as we can be. 1 separate, so our accounting is pretty robust. And we 2 2 have auditors from the feds in here many times. Don't So our budget update, as of December 31st, we're 3 3 halfway through the fiscal year. We're in pretty good have any audit issues. 4 shape revenue-wise. Water looks like it's negative of 4 So we have a totally different accounting system 5 \$282,000, but we reduced this years's projections by 5 than the Health Department does. The Health Department 6 6 171,000, so it's not as far down as it looks. We think was not on PeopleSoft. They had their internal system. 7 7 that with the economy picking back up, we should see MR. STEVE MASON: So unlike the 8 8 the revenue catching back up. So we're not really Health Department, there's some outsiders, that while 9 9 concerned in that area. we trust you, come in and audit your work? 10 10 If you look at land, the negative 569, really MS. KATHY AEBISCHER: Yes. 11 there's a - if you adjust for tire reimbursement 11 MR. STEVE MASON: Okay. 12 12 MS. KATHY AEBISCHER: And we also have pass-through, so it's just -- if we do a project, we 13 13 get reimbursed. We did 714,000 last year. So if you regular monthly meetings with the directors and 14 adjust for that, they're really above their projections 14 assistant directors of each division where we go 15 15 of about 144,000. through their financials and any questions and 16 16 So every division looks pretty good on the strategies and that. So on the financial side, we're 17 17 revenue. We don't have any concerns at this point. very open with the management, with what's going on 18 Have any questions on the revenue. 18 with the money, revenue side, expenditure side. 19 MR. STEVE MASON: Okay. So as you've 19 (No response.) 20 20 MS. KATHY AEBISCHER: So if we look at the observed the Health Department process, are there any 21 expenditures - and this is all funding sources. Of 21 additional safeguards or audit procedures you wish you 22 22 our budget of 83 million, we have spent almost 28. We had to make sure that doesn't happen in this agency? 23 would like to be a little bit further. We are having 23 MS. KATHY AEBISCHER: Let me just clarify I 24 some major projects that should be expending out this 24 used to work at the Health Department -

MR. STEVE MASON: Okay.

25

Page 54 Page 56 MS. KATHY AEBISCHER: - a very short time. 1 1 So if it's passed, appropriately the payment would 2 2 But I would say the major issue at the be 750,000 a year or 63,000 a month for 15 years. But 3 3 Health Department is cultural. They would not let the until we know final costs, if it's passed or not -- but 4 CFO even speak at the Board meeting, nor would the 4 I thought I'd kind of give you a ballpark figure of 5 5 Board have access to the financial people. So that's what that could mean to DEQ. 6 not happening at all here. 6 MR. STEVE MASON: What's the total cost of 7 7 Our books are very open. Scott is very open. The the project? Θ 8 managers and divisions have access to finance, so DEQ MS. KATHY AEBISCHER: Right now, the 9 9 is not culturally the same as the Health Department. engineering studies is where we got our estimate, and 10 We have a lot of auditors that come in that also 10 it's estimating about nine million. But I would say we 11 review, you know, the books of DEQ, from the feds, EPA, 11 don't really know until we get into the design and get 12 12 so I don't have any concerns here. a really good estimate. 13 MR. STEVE MASON: Okay. Thank you. 13 Okay. Any more questions? 14 MR. HOMER NICHOLSON: Through the efforts of 14 (No response.) 15 IT consolidation, do we have any concerns or is there 15 CHAIRMAN TIM MUNSON: Do you have any more 16 16 any threats to our PeopleSoft software to change to questions for Kathy? Comments? 17 some other software or any concerns through that failed 17 (No response.) 18 effortⁿ 18 CHAIRMAN TIM MUNSON: Thank you very much. 19 19 MS. KATHY AEBISCHER: As it relates to the And just to Steve's point or his questions, I 20 PeopleSoft financials, right now, I don't know if 20 personally, having been involved with this Board for 21 they're planning on replacing it with something else. 21 the last four or five years, I consider the information 22 I know they're in the middle of a projection for the 22 that the Board has provided, from a financial 23 23 human resources side of things. So as it relates to standpoint, to be of extremely good quality, and I 24 PeopleSoft, I say I don't have any concerns. 24 think that we have access to information that should 25 give us all a great deal of comfort. We have a lot of MR. HOMER NICHOLSON: Thank you. 25 Page 55 Page 57 1 CHAIRMAN TIM MUNSON: Any other questions for 1 information at our fingertips and I've never had any 2 Kathy? 2 issues asking Scott or Kathy a question. I feel like 3 (No response.) 3 anybody on the Board should have that same feeling. 4 MS. KATHY AEBISCHER: Okay. I thought since 4 So I'll move on to -5 we've been having the federal shutdown kind of thing 5 MR. STEVE MASON: I think - I do want to say 6 happening, it might be worth kind of explaining to you 6 I think they do a great job and, yes, we trust them 7 what that means to DEQ. So for -- EPA has a 7 and, yes, they share information with us. But, you contingency plan, and their contingency plan is that В 8 know, as citizens, none of us really have a strong 9 recipients of funded grants can continue on their work 9 accounting background, we're really only as good as the 10 and projects while EPA is shut down. Because EPA sees 10 information they share with us. 11 DEQ as fiscally responsible, we do have the authority 11 CHAIRMAN TIM MUNSON: Right. And I think 12 to continue to draw down, through their system, ASP 12 that --13 system, to -- to continue our projects. 13 MR. STEVE MASON: Outsiders looking into 14 The only thing that would be delayed would be 14 State agencies is good idea, whether it's EPA that 15 projects that aren't funded yet or if we have project 15 comes down here to audit them. We trust them all, yes. 16 reviews or modifications that we were waiting on EPA. 16 But outside eyes are a good idea. And we are not 17 That would delay project initiation, but we would still 17 accountants. 10 be able to continue financially with projects that are 18 MR. SCOTT THOMPSON: Sure. And when I took 19 already been awarded and funded. 19 over, they did a -- the State Auditor did an auditor o 20 As Scott mentioned, the parking garage, we did -20 the Agency. Anytime a director leaves, they do that 21 last year we were approved to proceed with the project 21 routinely. So that was about four years ago roughly. 22 but there wasn't funding attached to it. So this year, 22 And it took them a little while to complete it, though, 23 we have to come back through and request funding. So 23 so - I don't think they completed it until like 24 they recommended bonds be issued for DEQ in order for 24 October of '14. But I think we're due for our next 25 us to proceed with the project. 25 routine audit this year.

25

lot more open and clear now. I don't think - even

Page 58 Page 60 1 So it depends on if the auditor has time given the 1 when there was not that much information available to 2 other issues they're juggling at the moment, so -- but 2 you guys, it -- we were still tracking the money 3 if they do, we're fine. We'll do it when they're 3 properly, especially the federal dollars. And there's 4 4 not -- we were always very sensitive to statutory 5 MR. STEVE MASON: You know, it's amazing, I 5 authority, which grant and things had to be used 6 6 think, with the state -- really all I know is what I've because we don't want to go to jail, basically. 7 read in the paper. You know, there's an issue there of 7 (Laughter.) 8 diversion of federal funds. And what's curious to me В MR. SCOTT THOMPSON: So, you know - anyway, 9 is while EPA audits us, whatever federal agency that 9 so I think we're good there. 10 was sending money to that health department, apparently 10 MR. STEVE MASON: Thank you. 11 was not auditing those funds. 11 MR. DANIEL BLANKENSHIP: Mr. Chairman, if I 12 12 MR. SCOTT THOMPSON: I can't speak to that. may. I just want to say that I agree wholeheartedly 13 But I would say we are audited by EPA. We track - you 13 with Mr. Mason. You know, I think that, you know, this 14 know, I came from the Superfund Program, and so we 14 is public money in every shape and form and that we 15 had - even when we were part of the Health Department, 15 need to be transparent. And I do very much appreciate 16 we had a program code for where that money came from, 16 the information that we have received since Scott has 17 to what grant. We had activity codes, like whether 17 become the director. And having the report not only on 10 18 there was an investigation or - even to a remedial this Agenda, but having those numbers reviewed with us 19 investigation, feasibility study, that sort of stuff, 19 in subcommittee meetings and so --20 we had those identified in different codes all the way 20 But I'd also encourage you to welcome, you know, 21 down to the site level. 21 any scrutinizing eye that may come along because it 22 So even when I was doing preliminary 22 is -- it is public money, and we should be as 23 23 investigations for Superfund projects, we tracked transparent as - we should just be absolutely 24 everything to the site that we worked on, so - and 24 transparent about it. 25 we'd continue that in our program. And our - I think 25 CHAIRMAN TIM MUNSON: Sure. Page 59 Page 61 1 our federal programs are all set up like that so that 1 MR. DANIEL BLANKENSHIP: So thank you very 2 we're tracking the dollars by program code by activity 2 much. 3 or whatever. And so there's not really a chance to 3 CHAIRMAN TIM MUNSON: Thank you. 4 take federal funds from this project and put it over 4 Any other comments? 5 5 (No response.) 6 We do have a block grant that allows us to do that 6 CHAIRMAN TIM MUNSON: Okay. Thank you. 7 with funds that are in that grant, to shift them, but 7 We'll move on to item 11. At our November Board 8 we have the authority to do that, and we work with EPA 8 meeting, during the - actually, before I get to that, 9 in that regard to make sure we're meeting our grant 9 I neglected to mention at the beginning of the meeting, 10 commitments, et cetera. So I think we're pretty good 10 we will have an opportunity for a public forum after 11 11 the Board meeting adjourns. If you would like to 12 But I have zero problem with you guys looking into 12 speak, please sign up at the back. I meant to do that 13 13 things and discussing things. I think it's a good earlier. I forgot. 14 idea. And again, if you have any questions, give me a 14 So at our November Board meeting, during the 15 shout or I'll probably hook you up with Kathy. 15 forum, Bud Ground, the President of the Environmental 16 Sometimes I ask Kathy, just so I know what the answer 16 Federation of Oklahoma, requested the Board to consider 17 17 is, but... putting together a resolution, something - somewhere 18 MR. STEVE MASON: We've come a long way in 18 along the lines of resolutions that had previously been 19 four years. We used to never have a presentation. 19 passed by the Air Quality Council, Solid Waste 20 MR. SCOTT THOMPSON: Right. 20 Management Advisory Council. 21 MR. STEVE MASON: So adding Kathy to your 21 Basically, the resolution would state our support 22 staff and making this part of our Agenda, that's an 22 as a Board of the agency and the importance of the 23 23 important improvement from what we were told before. Agency's work and how we feel that the Agency work is 24 MR. SCOTT THOMPSON: Yeah. I think it's a 24 important; and that the revolving funds and fees, that

the Agency collects, should remain within the Agency

25

	Page 62	1	Page 64
1	and be utilized for the specific purposes for which	1	obligation to spend that money in those in those
2	they were collected and intended.	2	areas, how those fees were established. So I think
3	I visited with Scott and we asked the staff to	3	this is - I think that, you know, we're - I believe
4	prepare a draft resolution for the Board's	4	we're legally obligated to do that, but I think this is
5	consideration. Rob has prepared a draft. You-all have	5	a reaffirmation and a show of transparency that we
6	a copy of it in your package. Should have it in front	6	believe in that obligation that we have.
7	of you. And I would like to open it up for comments in	7	So I'm in favor of it and would be happy to make a
8	regards to that resolution on the part of the Board.	8	motion to approve.
9	There was a I think just an addition to that.	9	CHAIRMAN TIM MUNSON: Okay. Thank you.
10	MR. SCOTT THOMPSON: Well, on the resolution,	10	MR. STEVE MASON: Dan, you raised a really
11	there's the first paragraph at the end. It says,	11	good point. When the Legislature takes funds, that
12	"wastewater treatment," and it just says "drinking."	12	were specific and collected for a purpose from
13	Does that mean - should it say drinking water or	13	ratepayers and they get diverted to somewhere else,
14	should	14	maybe we should encourage those ratepayers to sue us
15	MR. ROB SINGLETARY: It should.	15	for diverting their funds illegally.
16	MR. SCOTT THOMPSON: Okay.	16	(Laughter.)
17	MR. ROB SINGLETARY: So we would need to add	17	MR. STEVE MASON: Just an idea?
18	at the end of that first paragraph, "wastewater	18	MR. DANIEL BLANKENSHIP: Yeah.
19	treatment and drinking water."	19	MR. STEVE MASON: I mean, if you're a
20	CHAIRMAN TIM MUNSON: Any comments?	20	municipality and you're paying water fees to us
21	Questions?	21	MR. DANIEL BLANKENSHIP: Right.
22	(No response.)	22	MR. STEVE MASON: - and it goes elsewhere -
23	CHAIRMAN TIM MUNSON: Discussion on the draft	23	MR. DANIEL BLANKENSHIP: That's my life.
24	resolution?	24	MR. STEVE MASON: That's a good point you
25	(No response.)	25	just raised.
	Page 63		Page 65
1	MR. ROB SINGLETARY: Scott, I take that back.	1	Page 65 MR. DANIEL BLANKENSHIP: Thank you.
2	MR. ROB SINGLETARY: Scott, I take that back. I think that "drinking" should be stricken.	2	MR. DANIEL BLANKENSHIP: Thank you. MR. SCOTT THOMPSON: Maybe not us.
2 3	MR. ROB SINGLETARY: Scott, I take that back. I think that "drinking" should be stricken. MR. SCOTT THOMPSON: Okay.	2 3	MR. DANIEL BLANKENSHIP: Thank you.
2 3 4	MR. ROB SINGLETARY: Scott, I take that back. I think that "drinking" should be stricken. MR. SCOTT THOMPSON: Okay. CHAIRMAN TIM MUNSON: Can you clarify that	2 3 4	MR. DANIEL BLANKENSHIP: Thank you. MR. SCOTT THOMPSON: Maybe not us. MR. STEVE MASON: Yeah. (Laughter.)
2 3 4 5	MR. ROB SINGLETARY: Scott, I take that back. I think that "drinking" should be stricken. MR. SCOTT THOMPSON: Okay. CHAIRMAN TIM MUNSON: Can you clarify that again, Rob?	2 3 4 5	MR. DANIEL BLANKENSHIP: Thank you. MR. SCOTT THOMPSON: Maybe not us. MR. STEVE MASON: Yeah. (Laughter.) (Multiple speakers.)
2 3 4 5 6	MR. ROB SINGLETARY: Scott, I take that back. I think that "drinking" should be stricken. MR. SCOTT THOMPSON: Okay. CHAIRMAN TIM MUNSON: Can you clarify that again, Rob? MR. ROB SINGLETARY: First paragraph, the	2 3 4 5	MR. DANIEL BLANKENSHIP: Thank you. MR. SCOTT THOMPSON: Maybe not us. MR. STEVE MASON: Yeah. (Laughter.) (Multiple speakers.) MR. STEVE MASON: Sue the Legislature. Sue
2 3 4 5 6 7	MR. ROB SINGLETARY: Scott, I take that back. I think that "drinking" should be stricken. MR. SCOTT THOMPSON: Okay. CHAIRMAN TIM MUNSON: Can you clarify that again, Rob? MR. ROB SINGLETARY: First paragraph, the last word is "drinking." And we had just discussed	2 3 4 5 6 7	MR. DANIEL BLANKENSHIP: Thank you. MR. SCOTT THOMPSON: Maybe not us. MR. STEVE MASON: Yeah. (Laughter.) (Multiple speakers.) MR. STEVE MASON: Sue the Legislature. Sue somebody.
2 3 4 5 6 7 8	MR. ROB SINGLETARY: Scott, I take that back. I think that "drinking" should be stricken. MR. SCOTT THOMPSON: Okay. CHAIRMAN TIM MUNSON: Can you clarify that again, Rob? MR. ROB SINGLETARY: First paragraph, the last word is "drinking." And we had just discussed inserting drinking water, and I think that "drinking"	2 3 4 5 6 7 8	MR. DANIEL BLANKENSHIP: Thank you. MR. SCOTT THOMPSON: Maybe not us. MR. STEVE MASON: Yeah. (Laughter.) (Multiple speakers.) MR. STEVE MASON: Sue the Legislature. Sue somebody. (Laughter.)
2 3 4 5 6 7 8	MR. ROB SINGLETARY: Scott, I take that back. I think that "drinking" should be stricken. MR. SCOTT THOMPSON: Okay. CHAIRMAN TIM MUNSON: Can you clarify that again, Rob? MR. ROB SINGLETARY: First paragraph, the last word is "drinking." And we had just discussed inserting drinking water, and I think that "drinking" should be stricken.	2 3 4 5 6 7 8	MR. DANIEL BLANKENSHIP: Thank you. MR. SCOTT THOMPSON: Maybe not us. MR. STEVE MASON: Yeah. (Laughter.) (Multiple speakers.) MR. STEVE MASON: Sue the Legislature. Sue somebody. (Laughter.) MR. STEVE MASON: Because you're right we
2 3 4 5 6 7 8 9	MR. ROB SINGLETARY: Scott, I take that back. I think that "drinking" should be stricken. MR. SCOTT THOMPSON: Okay. CHAIRMAN TIM MUNSON: Can you clarify that again, Rob? MR. ROB SINGLETARY: First paragraph, the last word is "drinking." And we had just discussed inserting drinking water, and I think that "drinking" should be stricken. (Multiple speakers.)	2 3 4 5 6 7 8 9	MR. DANIEL BLANKENSHIP: Thank you. MR. SCOTT THOMPSON: Maybe not us. MR. STEVE MASON: Yeah. (Laughter.) (Multiple speakers.) MR. STEVE MASON: Sue the Legislature.
